Stamped on a Shoe MEANS STONDARD of MERIT 6 HAVENUENER 20 TST

We find that we have too many

Men's Low Cut Shoes

and in order to move them quickly we have taken our usual method of cutting the price on every pair, some down to one-half, others even more than that.

The history is this, there are 712 PAIRS

MEN'S STRICTLY HAND-SEWED OXFORD TIES, in calf and imported patent leather, former price 85 and 86, at the uniform price

At this reduced price these shoes will be sold quickly, therefore it would be wise for intending purchasers to respond promptly; we have not every size in every style, but every size in some style.

FLINT'S FINE FURNITURE EVOLUTION.

Every age and period has had its charac teristic furniture; each epoch has brought forth some special style in design and decoration, and each has its peculiar beauty. The art of furniture building has evolved from small beginnings, until now we show the designs of past centuries for the choos ing of art-lovers.

Our new summer stock is rich in the best examples of all periods, faithfully and cor rectly reproduced. Early English and Dutch pieces, the more ornate and elaborate decorations of the French Salons, Colonial specimens-in fact, any style you may desire at factory prices, when you

pedia within that time if you can consent to give it up.

Prompt action is necessary.

Have you joined it? The club came about in this way: Publishers of the Standard American Encyclopedia. goaded on by the ambition to have the best general reference book extant, have spent \$240,000 in producing this work. The edition in cloth binding was priced at \$48-and it is richly worth it. But how could it be exploited quickly?

Answer: Get Wanamaker to sell it.

Count cost of paper and print and

binding-leave cost of compiling the book and of making the plates out of the question. If Wanamaker sells 3,000 sets it will make the work quickly famous in three states. There will be opportunity then to sell in the usual way many thousand sets at the regular prices.

But Wanamaker wouldn't sell it. Preferred to make the securing of the work still easier. So the Club was formed, and the \$48 work is available to all who secure membership in the club, for \$19-with a whole year in which to make the payments. The Club is an unqualified success.

Complete set of 8 large volumes delivered on payment of ONE DOLLAR

You to make twelve monthly payments of \$1.50 each—or \$2 if half-morocco binding for the books is preferred. Ten days' examination is suggested. We gladly take back the Encyclo-

Besides the latest, briefest and most scholarly treatment of the many thousand topics going to make up a great reference work, the Standard American Encyclopedia has these topics not treated fully, if at all, in any other work: The America's Cup, Argon, Baltic Canal, Baseball, the Boers, Horseless (S) COUPON
